Candidates will have one minute to speak.

**Voting on Election Day**

The only requirement for voting at a LANCC meeting by an NC representative is a communication from the President/Chair of the NC board, to the LANCC Chair or other officer who may be designated for that purpose, stating the name of the NC member or stakeholder that will represent his/her NC.

All neighborhood councils participating are eligible to vote. Only one vote per council. It is important for each council to know who their LANCC NC representative is before election day. On election day all voters will be asked to "affirm" by Roll Call that they represent their Neighborhood Council before the voting takes place.

Ballots will be available with all candidates' names.

Candidate must have a majority vote to win. If there is no majority, there will be a runoff of the two candidates with the most votes. Majority vote of the NC representatives present at the election wins.

Upon completion of the voting on March 4, 2023 the newly elected officers will immediately take their positions on the LANCC board and continue the meeting agenda for the day.
