## Phase III Effective June 1

Know Your **Watering Days**

Mon Tue Wed Thu Fri Sat Sun

|                | Mon  | Tue | Wed | Thu   | Fri  | Sat | Sun   |
|----------------|--|-----|-----|---|--|-----|---|
| ODD Addresses  |  |     |     |   |  |     |   |
| EVEN Addresses |  |     |     |  |  |     |  |

The graphic features a blue header with the text 'Know Your Watering Days' and a background image of a green field under a blue sky. A water spray nozzle is shown spraying water droplets onto the field. Below the header is a calendar grid with columns for the days of the week (Mon-Sun) and rows for 'ODD Addresses' and 'EVEN Addresses'. Watering icons (a green field with a black crosshair and white water droplets) are placed in the grid cells to indicate watering days: Mon and Fri for odd addresses, and Thu and Sun for even addresses.

Limit Outdoor Watering to 2 Days a Week  
8 Minutes per Station  
Before 9 AM or After 4 PM

[ladwp.com/wateringdays](http://ladwp.com/wateringdays)

## New Water Restrictions Effective June 1

### Limit Outdoor Watering to 2 Days a Week

During this historic drought we all need to do more to save water. We just can't waste another drop.

Beginning June 1, the City of Los Angeles will limit outdoor watering to two days a week. Street addresses ending with an odd number can water Mondays and Fridays and those ending with an even number can water Thursdays and Sundays. Cutting back to twice a week can save hundreds of thousands of gallons.

Other restrictions include:

- Watering with sprinklers limited to 8 minutes per station
- Watering with sprinklers using water conserving nozzles limited to 15 minutes per station
- No watering allowed outdoors between 9:00 AM to 4:00 PM
- Strongly recommend use of pool covers to decrease evaporation
- Strongly recommend washing of vehicles at commercial car wash facilities (most have water recycling system in place)
- No water runoff onto streets, driveways and gutters

To help reduce water use, we offer rebates for water-efficient toilets, washing machines, irrigation controllers, and more. You can also qualify for a turf replacement rebate and replace your lawn with a sustainable, low water-use landscape.

If we all do our part, we Angelenos will be even more ready to meet the water challenges ahead.

We've got this, LA.

SAVE WATER & MONEY

## New Water Restrictions Effective June 1

## WATER CONSERVATION REBATES

### Residential

High-Efficiency Clothes Washer  
**Up to \$500**

Premium High-Efficiency Toilet  
**Up to \$250/unit**

Turf Replacement  
**\$3/square foot**

Weather-Based Irrigation Controller  
**Up to \$200/unit**

Rotating Sprinkler Nozzles  
**Up to \$6/nozzle**

Rain Barrel  
**Up to \$50/unit (max 2)**

Cistern  
**Up to \$500 (max 1)**

Water-Efficient Faucet Aerators & Showerheads  
**FREE**

### Commercial

Premium High-Efficiency Tank Toilet or Flushometer Valve/Bowl Combo Toilet  
**\$300**

Zero and Ultra Low Water Urinal  
**\$500**

Turf Replacement  
**\$3/square foot**

Weather-Based Irrigation Controller or Central Computer Irrigation Controller  
**\$50/station**

Rotating Sprinkler Nozzles (30 minimum)  
**\$6/nozzle**

Large Rotary Sprinkler Nozzle Retrofit  
**\$13/head**

Cooling Tower Conductivity Controller  
**\$625**

Cooling Tower pH/Conductivity Controller  
**\$3,000**
