Agenda

10:00 AM June 25, 2016

LADWP Building

111 N. Hope Street, Los Angeles

On Hope between 1st Street and Temple Street

Google Map Link

<http://maps.google.com/maps?q=111+n.+hope+street,+los+angeles,+ca&spn=0.031682,0.058545&hl=en>

(The closest Metro station is the Civic Center stop on Hill St between Temple and 1st streets)

1. Review

5 Steps program

This is what the city wants to be the basis of EP

EMD is considering customizing the program for smaller areas – how can NCs help?

CERT

Basic training

Advanced training

How many have taken it

How can NCs help inventory CERT trained individuals

County or other training opportunities

EMCOM

ACS - LAFD

DCS - LASD

ARES – ARRL

Notify LA

How to organize

By NC area

By city council area

Copy the LAPD, LAFD and EMD bureau plan

2. What do we know

Until now there has been a failure of official communications with NCs and individual communities

How do we help solve this?

How do we integrate NC training and organization into the city's emergency preparedness plans?

3. Moving forward

Creating a single, customizable plan for NCs EP

Should that plan be all inclusive (CERT, EMCOM, etc) or an outline that can be filled in

Should all NC plans incorporate certain essentials – If so which ones

What city agencies are the most important for NC EP planning – How do we liaison with them

4. Emergency Operations Board

Who are they

Emergency preparedness committee

Should NCs be at the table

Emergency Preparedness Foundation

5. Future meetings and agenda items
